# Get Srarted
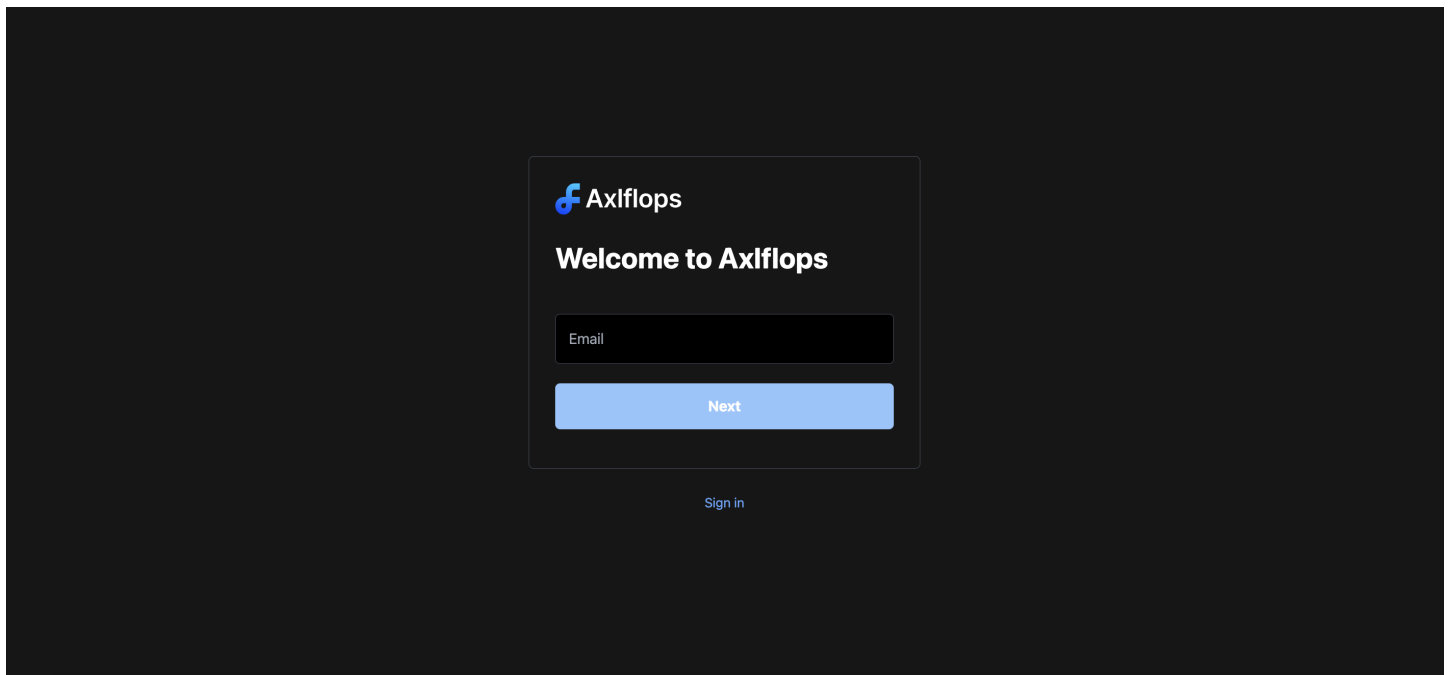

Sign up and log in

Start by creating your own Axlflops account to manage and access various resources. To sign up, you need to go to https://axlflops.ai/ and create an Axlflops account. You can choose to sign up with Google or Github or create an independent Axlflops account. If you choose to create an independent Axlflops account, click on the "Create an Axlflops Account" button.

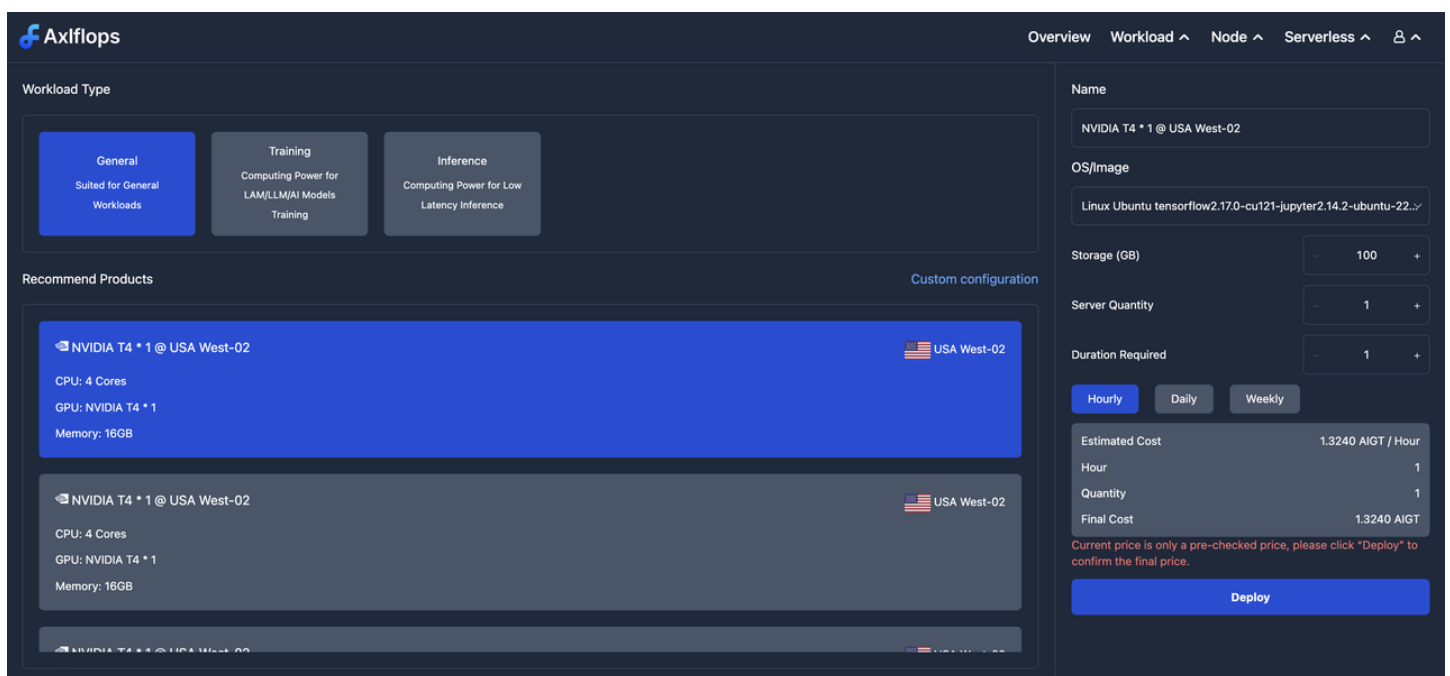

Figure: Sign up

Then you can proceed with creating an independent Axlflops account.

Figure: Create an independent Axlflops account.

Once signed up, you can log in to start using Axlflops services.
